PROFILE

Crypto market researcher and financial writer with experience covering digital assets, exchanges and macroeconomic developments. Translates market evidence into clear research for international traders and investors.

PROFESSIONAL EXPERIENCE

Independent Crypto & Macro Research Analyst
Freelance | Sep 2026 - Present
- Publish crypto research and data visualizations on X (@LukkVal).

Crypto Market Analyst & Research Writer
ClickOut Media | Mar 2025 - Aug 2026
- Research crypto and digital-asset markets through macro context, market structure, positioning, on-chain metrics and fundamental analysis.
- Translate complex evidence into clear, decision-useful research for an international audience of traders and investors.

Research & Editorial Project Manager - Crypto & Web3
MoveUp Media | Jun 2024 - Mar 2025
- Led a remote team of analysts and writers; set research priorities, built editorial plans and reviewed work for accuracy and usefulness.

Crypto Research & Content Specialist
ClickOut Media | Oct 2023 - May 2024
- Produced research-led coverage of cryptocurrency trends, exchanges, market developments and digital-asset fundamentals.
- Combined market analysis, source validation and SEO requirements without compromising clarity or accuracy.

Crypto Market Analyst & SEO Content Specialist
Finixio | Jan 2023 - May 2024
- Analyzed crypto market developments and emerging digital-asset themes for international financial audiences.

Financial Analyst & Ghostwriter
Freelance clients | Jan 2018 - Aug 2023
- Prepared NDA-protected research on cryptocurrencies, macro trends, market structure, positioning and trading strategies.

Financial Analyst | Project Manager | Board Member
Fidi Toscana & Startup Incubator | 2005 - 2011
- Evaluated business plans, financial statements, budgets and creditworthiness of startups and SMEs for financing decisions.
